

WHY COMMON PEOPLE DO NOT OWE THEIR SUPPORT TO CAINE

(Political Advertisement)
Middas, Nevada, Oct. 28, 1916.
This article is addressed to the Elko Independent editor, in answer to his article, "Why the People Owe Their Support to E. E. Caine."
It so happens that I am one of the many citizens living in Middas, Nev., who is a victim of E. E. Caine's duplicity.

You state in your article that "his heart is with the common people." Kindly let Mr. Caine answer the following questions:

1. Why did he not collect the labor liens on the Emerald Mine at Gold Circle, for the common people, as he promised?
2. Why did he falsify to the people of Middas?
3. Why did he favor the defendants who are Multi-Millionaires of Utah?

4. Why were the people who furnished food and material to build the Emerald mill compelled to take less than 50 cents on the dollar in settlement?

5. Why did E. E. Caine make a trip to Ogden to consult with the defendants?

6. Why did he permit the defendants or owners to operate the property while those labor liens were pending?

7. Why did he permit the owners to ship the bullion until those liens were paid?

8. Why did he draw up a trust deed to be signed by the defendants whenever convenient?

9. Why worded thus and never signed?

10. Why did he promise me in his office in Elko three years ago, that he would bring suit immediately and then not do so?

11. Before going to Washington, D. C. he promised myself and another claimant that he would assure us all would be settled before he left. Why did he not do so?

12. Why did he blame his neglect on his partner?

13. Why was I recently approached by a man who offered to deposit in the First National bank of Winnemucca a partial payment on the amount I control?

14. Why did E. E. Caine, in his campaign tour, pass within one and one-half miles of this place and 130 voters to interview?

Besides the many labor liens there was other indebtedness. This also in Mr. Caine's hands. One firm received full pay, while the others received 50 cents on the dollar. I would like it explained to the voters of Nevada why some of the laborers settled their account for 50 per cent while two in question received full amount from the defendant.

This Emerald affair almost ruined the Town of Middas financially. Four years since those liens were filed and no action taken by Mr. Caine yet.

I wish to say to you voters of Nevada, should you elect E. E. Caine to congress, he should take this with him as a reminder of his duplicity to the boys who toiled in the mines to produce the metal which is coined into money to build universities to educate such men as E. E. Caine.

INTERESTING LETTER FROM JARBIDGE CAMP

(Special Correspondence)

JARBIDGE, Nev., Nov. 2.—The glorious month of October was brought to a fitting finish by a most enjoyable entertainment at the Commercial club hall, which was under the auspices of the ladies of Jarbridge.

The Halloween ball was the most successful affair that has been held in the hall for a long time. Mrs. Newton Crumley was the leading spirit and was ably assisted by Mrs. Oscar Walker, Mrs. H. Hacker, Miss Susie Davis and Miss Mamie Ken-singer.

There were about forty couples in the grand march and a jolly good time was enjoyed by all until the small hours of the morning. It was a ladies' night, although not entirely a leap year affair. The ladies were called upon to foot the bills according to weight, a platform scales being installed near the front of the hall and all the ladies had to weigh in at so much per pound.

The early voter never gets shut out. Put an X after the name of each of the three presidential electors and you vote to protect American labor.

NEW MINING DISTRICT IS BAPTIZED WALLACE

The newest and what bids fair to become one of the best producing gold and silver camps of the state lies ten and a half miles southwest of Winnemucca and about four and a half miles from Rose Creek station on the Southern Pacific. Yesterday it was named Wallace by Henry Kantenwein, in honor of his partner, Robert Wallace, locator of the claim, says the Silver State.

There are two parallel veins running through the Wallace & Kantenwein property, assays running as high as \$2000 in gold and silver. In one of the veins a shaft has been sunk to a depth of 15 feet, and the pay streak has widened to six inches of \$200 ore. As fast as taken out the ore is being sacked for shipment. Several leases have been let on the property, among the number of leas-ers being E. D. Rogers, Loinaz & Abel and Harman & Truitt.
